GREETINGS FROM SYA CHAIR

Happy Fall SYA Members!

It's crazy to think another season is about to come and go but here we are in the midst of harvest. Before we know it, the crop will be in the bin, the cows will be home and winter will be around the corner. But before we get ahead of ourselves I wanted to take some time to share with you what the SYA has been up to these days.

On July 30, the SYA board gathered in Tisdale to finalize the key finishes on the SYA conference – Proudly Ag. Let me tell you right now, this conference is going to be awesome! We have a fresh new look and feel, as well as a great line up of speakers that are sure to provide you with key insights and outlooks, personally and professionally. Don't forget to mark your calendars! January 9-10, 2019 in Saskatoon at the Radisson Hotel. Details will follow shortly, so keep an eye on our Facebook and Instagram pages.

The board has been contacted on hosting a fall event in SW Sask. There has been a high demand over the last couple years to expand our network base and events to the southern parts of the province and we couldn't be more excited! We will be working with individuals in these areas to create an event where you can learn more about the SYA, as well as network with various other ag professionals and producers. If you are located in the southern part of our great province and would like to contribute or attend in anyway, please contact Carla and we will be more than happy to work with you.

Lastly, I want to wish you and your family a wonderful harvest season! Take time to enjoy all your hardwork come together. I know in some areas Mother Nature wasn't as giving as others and for that I wish you the courage to keep going. Take the lessons with strides and the blessing with a grateful heart. On behalf of the board, we wish you all a safe harvest season!

All the best,
Brittany

MEET AN SYA MEMBER

Name: Krystal Nordick

Where are you from? Nokomis, SK

How are you involved in the Ag industry? My Husband Troy and I run about 200 commercial Targhee sheep and we also own and operate Rafter N Trucking Co. Ltd. that specializes in hauling grain and livestock.

What kind of work do you do? I work full time on the farm and I am the Secretary at Rafter N Trucking Co. Ltd. We also have 3 young children.

Is succession planning an issue in your business?
No, not yet

What is your favourite part about your job?
I really am excited to be able to watch my children grow up on a farm. I love that they are able to learn about and appreciate agriculture, nature and animals as much as I do. Watching them interact with the lambs at lambing time is my favorite.

What are your hobbies?

I am an artistic person so I like to paint and draw when time allows. I also come from a very musical family and enjoy singing and all live music. I also enjoy gardening and being outside.

What is your favourite part about being in the Agriculture industry? I really appreciate the connection to the land, to nature, and to real life that living on a farm provides. I take pride in the quality of products we are able to produce here in Saskatchewan, Canada.

How has being a part of the SYA benefitted you?
I have enjoyed the chance to network with like minded young farmers who are as excited about Agriculture and as passionate about what they do as I am.

Congratulations to Rhyann Mattus for winning the "summer on the farm" photo contest
