

GREETINGS FROM SYA CHAIR

Howdy SYA Members!

I hope everyone had a great spring with minor hiccups and big memories! We had such a great spring up in the Northeast, it's hard to believe we're already into June. I wanted to take some time to update you on the progress of the SYA Board and what we're busy with these days. It sure has been an exciting few weeks!

First off, I would like to welcome a future SYA member and ranch hand, Grace Borsa to our group! Our General Manager, Carla Borsa and her husband

Tyrone welcomed a beautiful baby girl on May 11, 2018. Congratulations Borsa family!

It is also my pleasure to announce the SYA will be hosting our, Proudly Ag Annual Conference and AGM on January 9-10, 2019 at the Radisson Hotel in beautiful Saskatoon, SK. We are beyond excited to bring you a fresh new look and experience to our annual conference. The speaker line up is coming in quite nicely and we hope to bring you fresh new faces and topics that make you, Proudly Ag. Mark your calendars! This is going to be one conference you are not going to want to miss!

In other events, the board will be getting together in the next few weeks to finalize conference details and begin plans for our fall event. If you have any specific requests or topics you would like to see covered, do not hesitate to contact our board members or Carla. We are always looking for new ideas and topics that members would find of value.

Lastly, I would like to take this time to wish you a safe and fun summer! I hope each of you find a few moments to kick back, relax and enjoy all your hard work thus far!

Cheers to a great 2018 season!
Brittany

CYFF CORNER

A Message From Your CYFF Saskatchewan Representative

I trust you had a successful seeding and hopefully got the rain you needed to get the crops growing.

In March, CYFF Executive and staff met with representatives from the federal government to discuss the funding agreement issued through the Canadian Agricultural Partnership, the 5 year funding program that replaces Growing Forward 2. The group also had the opportunity to discuss CYFF's objectives while building on a strong relationship with government. Details for CYFF's funding agreement should be finalized in the upcoming months.

The board has begun preparation for the 2019 annual general meeting and conference with the date and location to be determined. If you have any ideas for a conference theme, send me an email - I'd love to hear your thoughts on priority areas for young farmers.

Good luck with the 2018 growing season, and be sure to take some time off to focus on your own personal health and wellness.
